

## GRANDER THAN COST

Bids Opened for Construction of Houston Line.

ON CONTRACT AWARDED

SHORT LINE OFFICIALS LEAVE FOR THE NORTH.

The bids for the grading work on the Short Line, extension from Blackfoot to Houston, were opened yesterday by General Manager Bancroft. The figures are between \$500,000 and \$600,000, and include, besides the throwing up of a grade, the construction of all culverts and bridges on the route, with the exception of the bridge across the Snake river, one mile out from Blackfoot, which the railroad company is now putting in. That the contract is worth going after is evident from the size of the bids. It is not expected that any contract will be awarded for several days.

General Manager Bancroft and General Superintendent Smith left town early yesterday morning for Blackfoot on business connected with the extension towards City. Mr. Bancroft opened a bid of the contractors for the grading work just before he left, and no action was taken with reference to accepting any of them. It is supposed that the officials are in the north on business connected with this work, the soliciting of bids is still in the city, awaiting the decision of the Short Line company.

## PIONEER SQUARE FIGHT.

Believes That Short Line Wants it for Union Depot.

It is almost a certainty that the Short Line will make every effort to block the donation of Pioneer square to the San Pedro, Los Angeles & Salt Lake company for depot purposes, and in its light the probability is it will be tackled by many of the city's best men, who have been opposed to the grant from the start. Some railroad men are saying the Short Line will not come out openly, but will try to get the square to arouse a feeling of prejudice against the Clark company. As the situation is viewed by the best informed men, the Short Line is not making a fight against the Clark people merely for the purpose of making a fight. In other words, the square, and in all likelihood with the intention of the donation comes its way, of making the ground the site of a union depot.

It is an open secret that a union depot was the cherished plan of the Short Line when the city was first offered it. It is known now, that the laws of the state permitted a corporation to exist longer than fifty years, the Short Line people are not making a fight to protect a wish. Since the time limit on corporations has been extended to 100 years, through an act of the legislature, there has been further talk of reviving the proposition.

According to T. E. Gilson, the San Pedro company's representative, it is believed now that the Short Line, having started its line towards Los Angeles, will work for the acquisition of the square and convert it to the same use intended by the Clark people. By securing full ownership of the square and building a depot and other roads pay rentals to get in on the depot project, there is no doubt that the Short Line could make a good thing out of the square. The Clark company is not a course is not good, the Short Line could with block the San Pedro by starting a movement for the city to take the square of the city for that purpose.

## Whittemore Goes to St. Louis.

Attorney C. O. Whittemore of the San Pedro company left town for the east at 7 o'clock yesterday morning. He will go direct to St. Louis, where he is Vice President of the railroad company, from whom he is said to have received an important assignment relative to the situation in Lincoln county. Mr. Whittemore left no word concerning his departure, besides saying he expected to be gone for several days. It is probable that his trip has to do with some legal phase of the grade contest.

## Northwestern Extensions.

Chicago, April 20.—The Post today says: As a defense against the great Burlington-Crest line, the Chicago & Northwestern and Chicago, St. Paul, Minneapolis and Omaha roads will be asked to build a line for important extensions to both roads. The extensions have been planned by a joint committee representing the roads, and are said to be a seal which will make the two systems formidable competitors of the Hill lines.

## Hill's Fast Run.

St. Paul, April 20.—President James J. Hill's special train arrived from Seattle over the Great Northern this afternoon, making a record time for the trip. The five-hour and fifty-minute run. The entire round trip, including the nine hours in Seattle, took less than twenty-four hours. Mr. Hill refused to say anything about his plans.

## SETON-THOMPSON LECTURES

Two Delightful Talks on Wild Animals Yesterday.

Ernest Seton-Thompson, the author and lecturer, entertained the large audience at the Assembly hall yesterday, giving two of his delightful lectures on animal life. The attention of the audience was largely juvenile, and the opening of the lecture with which the lecturer testified better than anything else possibly could to the success of the speaker's endeavor to keep the little ones interested.

There was another large crowd on hand last night to hear the talk on "Wild Animals I Have Known." Mr. Seton-Thompson interspersed his talk with illustrations from the field and forest, which were very effective. The lecture was a masterpiece of a lifetime, and he closed with his vivid descriptions of various animals, witnessed notably a midnight battle between two infuriated bull elk, convinced the spectators that they were listening to an extraordinary story, and that the lecturer was a man of genius, and a first-class talker. But in the opinion of many in last night's audience, Seton-Thompson is a great writer of animal fiction, and as such is well entitled to the national reputation he enjoys. He takes the stand that every animal has its personality and individual entity, and no human being has the right to molest or torture them. He tells some capital stories concerning his hunting trips, in which a camera was the most formidable weapon he possessed. He has the right to come to his work, he says, and take his place in a natural pose, rather than shoot it and take the picture of a beast in a cowering position.

## AGRICULTURAL PARK LEASED

To T. J. MONTGOMERY FOR THE SUMMER SEASON.

Will Hold Horse Races on Decoration Day and Will Offer \$1,000 in Prizes.

The directors of the State Fair association met yesterday afternoon to take action on the proposition made by T. J. Montgomery in regard to holding horse races at Agricultural park during the present season. This proposition was accepted. Mr. Montgomery is to erect the stables for the horses and put the fence around the entire park at his own expense. This will cost as near as could be ascertained \$25,000. The first of the season, the association receives its pay for the old exhibition building from the city. It will reimburse Montgomery for the money expended, holding out 10 per cent for the rental of the ground. As the association has no money of its own for the season, it is necessary to consider that the arrangement made with Mr. Montgomery is a very advantageous one.

## MORRIS WOULD TAKE NOMINATION

If Offered Unanimously Will Lead City Democrats.

NOT SEEKING THE PLACE BELIEVES THIS HONOR SHOULD SEEK THE MAN.

The city election campaign is getting in their work where the politicians gather these sunny spring days. Among the names most frequently mentioned for the Democratic mayoral nomination is that of City Treasurer Richard P. Morris. The Morris boom is growing to considerable proportions, but Mr. Morris himself says he would not turn his hand over to secure the nomination.

He believes that this is an honor which should come unsought, and for that reason he will not ask a single man or woman to vote for him in the convention. "I don't want the nomination," said Mr. Morris yesterday. "I haven't asked any man to vote for me, and I won't. I have served two terms as city treasurer and am content to get out of politics for the present."

"But suppose the convention should decide to give the nomination?" Mr. Morris was asked.

"That would be another matter," was the reply. "If there is a unanimous vote for me, I will not refuse it. But I don't see how he, as a loyal party man, could refuse to honor the call. But that is a matter to be considered. It is true that a number of my friends have volunteered their support for me, both in the convention and in the election. As I said before, I am not a candidate for the nomination."

BOOM FOR CHARLES CRANE.

A boom for Charles Crane for mayor has been started recently by his friends. The boom is growing to considerable proportions, and it is believed that Crane will be elected.
